<b>Agenda Consultation</b>			
The Trustees of the IFRS Foundation (the oversight body of the IASB) agreed that there will be a three-yearly public consultation on the IASB's future technical agenda.	There is no direct impact on current IPSASs. It seems likely that the public consultation will affect the nature and timing of the projects to be undertaken by the IASB.	The IASB has prepared an Agenda Consultation document with engagement from the Due Process Oversight Committee (DPOC). It was issued in July 2011 with a consultation period to 30 November 2011. A Feedback Statement is expected in Q1 2012. Roundtables are being held in March 2012.	The Staff of the IPSASB has submitted a comment letter on this consultation.
<b>Financial Crisis Related Projects</b>			
<b>IFRS 9, <i>Financial Instruments</i> (FI) (IAS 39 replacement)</b>			
The objective of this project is to improve the decision-usefulness of financial statements for users by simplifying the classification and measurement requirements for financial instruments. The project will ultimately replace IAS 39, <i>Financial Instruments: Recognition and Measurement</i> .	Major impact on IPSASs 28–30.	The first phase culminated in the issuance of chapters of IFRS 9 dealing with classification and measurement of financial assets in November 2009 and financial liabilities in October 2010.	At the April 2010 meeting, the IPSASB agreed to defer proposing amendments to IPSASs 28–30 until after the IASB completes its project on IFRS 9, which is expected to be completed in 2013.
<b>FI—Classification and Measurement</b> In January 2012, the IASB and the FASB announced that they will work together to seek to reduce differences in their respective classification and	Major implications for the classification and measurement provisions in IPSAS 29.	An ED is expected H2 2012.

measurement models for financial instruments.			
<b>FI—Impairment</b> This is the second phase of the project to replace IAS 39 with a new Standard (IFRS 9). It proposes adoption of the “expected loss model” rather than the “incurred loss model” that underpins the impairment approach in IAS 39.	Major implications for the impairment provisions in IPSAS 29.	An ED, <i>Financial Instruments: Amortised Cost and Impairment</i> was issued in November 2009 with a consultation period that expired in June 2010. A supplementary ED was issued on 31 January 2011 with a consultation period to 1 April 2011. A re-exposure of an IFRS (as a chapter of IFRS 9) is expected H2 2012.	
<b>FI—Hedge Accounting</b> This is the third phase of the project to replace IAS 39 with a new Standard (IFRS 9). The aim is to simplify and replace the hedge accounting requirements of IAS 39. This includes considering: <ul style="list-style-type: none"> <li>• Portfolio hedging;</li> <li>• Simplifying cash flow hedge accounting;</li> <li>• Implications on hedge accounting for net investments in a foreign operation.</li> </ul>	Implications for the hedge accounting requirements of IPSAS 29.	An ED, <i>Hedge Accounting</i> was issued on 9 December 2010 with a consultation period to 9 March 2011. A review draft of an IFRS (as a chapter of IFRS 9) on general hedge accounting is expected Q1 2012. A DP or ED on portfolio (or macro) hedge accounting is expected Q3 2012.

The consultation period expired in July 2009. That paper focused on lessee accounting. A further ED was issued in August 2010 with a consultation period ending in December 2010. Roundtables were held December 2010 and January 2011. A re-exposure draft is expected Q2 2012.</p>	
Revenue Recognition			
<p>The objective of this project is to develop a new standard for revenue recognition that will apply to a range of industries. The new standard will replace the existing standards on revenue recognition, IAS 11, <i>Construction Contracts</i> and IAS 18, <i>Revenue</i>.</p> <p>The key principle is that an entity recognizes revenue when it satisfies its performance obligations in a contract by transferring goods and services to a customer.</p>	<p>Although the fundamental principles will probably not be altered, there are significant implications for IPSAS 9, <i>Revenue from Exchange Transactions</i> and IPSAS 11, <i>Construction Contracts</i>, which are primarily drawn from IAS 11 and IAS 18.</p>	<p>A DP was issued in December 2008. <b>Other projects</b>			
<b>Insurance Contracts</b>			
The overall aim of the project is to provide consistent and sound requirements for accounting for insurance contracts. The project has been conducted in 2 stages. Phase 1 culminated in the publication of IFRS 4, <i>Insurance Contracts</i> in 2004. Phase 2 will result in the replacement of IFRS 4.	There is no direct impact on IPSASs at present as the IPSASB does not have an IPSAS equivalent of IFRS 4. There are likely to be implications for the scope sections of IPSASs 28–30 when IFRS 4 is replaced.	An ED was issued in July 2010, with a consultation period that expires in November 2010. Roundtables were held in December 2010. A re-exposure or review draft of an IFRS is expected H2 2012.	Accounting for insurance contracts has not generally been considered a high priority in IPSASB deliberations.
<b>Annual Improvements (AIP)—2009–2011</b>			
Process to deal with minor amendments of both a substantive and editorial nature. Ongoing on an annual cycle.	It may impact IPSAS 1, 17 and 28.	An ED was issued in June 2011 with a consultation period to 21 October 2011. An IFRS is expected Q2 2012.	The IPSASB will consider these amendments as part of its 2-yearly improvements project in 2013.

of both a substantive and editorial nature. Ongoing on an annual cycle.			these amendments as part of its 2-yearly improvements project in 2013.
<b>Amendment to IFRS 1 (Government loans)</b>			
The proposed amendment sets out how a first-time adopter would account for a government loan with a below-market rate of interest when they transition to IFRSs.	It may impact the IPSASB's project on First-Time Adoption of IPSASs.	An ED was issued in October 2011 with a consultation period to 5 January 2012.	
<b>Consolidation—Investment Entities</b>			
The project objective is to define an investment entity and to require that an investment entity should not consolidate investments in entities that it controls, but to measure those investments at fair value, with changes in fair value recognised in profit or loss.		An ED was issued on 25 August 2011 with a consultation period ending on 5 January 2012. Roundtables are being held in Q1 2012. An amendment to IFRS 10 is expected H2 2012.	Staff attended the Roundtable held in Toronto in January 2012.
<b>Transition Guidance for IFRS 10, <i>Consolidated Financial Statements</i></b>			
The project objective is to clarify the transition guidance in IFRS 10, <i>Consolidated Financial Statements</i> to ensure that the transition provisions are not more burdensome than originally intended. <b>Post-implementation Reviews</b>			
<b>IFRS 8, <i>Operating Segments</i></b>			
A post-implementation review is due to be carried out as the requirements in IFRS 8 were effective approximately 2 years ago, i.e., for periods beginning on or after 1 January 2009.	There is no direct impact on current IPSASs as IPSAS 18, <i>Segment Reporting</i> is based on the previous standard IAS 14, <i>Segment Reporting</i> .	A review has been initiated, with a target completion date of 2012.	The IPSASB, at its July 2007 meeting, agreed to defer a proposed project to update IPSAS 18.
<b>IFRS 3, <i>Business Combinations</i></b>			
A post-implementation review is due to be carried out as the requirements in IFRS 3 were effective approximately 2 years ago, i.e., for periods beginning on or after 1 July 2009.	There is no direct impact on current IPSASs as the IPSASB does not have an equivalent standard.	The review is expected to be initiated in 2012.	The IPSASB is undertaking a project on public sector combinations.
<b>Recently Completed Projects</b>			
<b>Financial Instruments—Asset and Liability Offsetting</b>			
In response to stakeholders' concerns (including those of the Basel Committee on Banking Supervision and the Financial Stability Board), the IASB and the FASB decided to jointly issue a separate exposure draft proposing changes to address differences in their standards on balance sheet netting of derivative contracts and other financial instruments that can result in material	Implications for the offsetting provisions in IPSAS 29.	An ED was issued on 28 January 2011 with a consultation period to 28 April 2011. Amendments to IAS 32 and IFRS 7 were issued in December 2011.

differences in financial reporting by financial institutions.			
<b>Financial Instruments—Deferral of mandatory effective date of IFRS 9</b>			
The objective of this project is to align all phases of the project (both completed and ongoing) to have the same effective date.		An ED, Mandatory Effective Date of IFRS 9 was issued in August 2011 with a consultation period to 21 October 2011. It proposes changing the mandatory effective date of IFRS 9 (2009) and IFRS 9 (2010) from 1 January 2013 to 1 January 2015. Amendments to IFRS 7 and IFRS 9 were issued in December 2011.
