IPSASB Strategic Objective

Strengthening Public Financial Management and knowledge globally through increasing adoption of accrual-based IPSASs by:

- Developing high-quality financial reporting standards
- Developing other publications for the public sector
- Raising awareness of the IPSASs and the benefits of their adoption

IPSASB: Current challenges

- Delivering the work plan:
 - 6 important public sector projects being developed from scratch
 - Technically difficult
e.g. first Social Benefits project put on hold after 6 years pending completion of Conceptual Framework
 - Longer timelines due to need for stakeholder engagement (CP, ED then IPSAS)
- Bedding down relationships with PIC and CAG
- Strengthening advocacy from key international institutions
 - IMF, World Bank, regional development banks
- Creating demand from other stakeholders:
 - Capital markets, politicians, civil society, politicians

IPSASB Opportunities

- Increasingly complete set of standards
- Momentum in IPSASs adoption generally:
 - Developed world – e.g. New Zealand, Portugal, Canada?
 - Developing world: Latin America, SE Asia, Africa
- European Public Sector Accounting Standards (EPSASs)
 - Appear more likely to be based closely on IPSASs?
- 2017 = 20th Anniversary of starting IPSASs development:
 - World Bank / IMF event (Transparency & beyond) 6th March
 - Public Sector Standard Setters Forum (Zurich 2017)
- 2018 Strategy & Work Plan consultation
 - Bridging gaps / improving links between IPSASs and other PFM tools?

IPSASB 2019-2023 Strategy / Work Plan:

Future challenges

- Complexity of PFM landscape
- Increasing coordination with other stakeholders
- Relative balance between:
 - Addressing public sector-specific issues?
 - Maintaining (increasing?) IFRS convergence?
 - Increasing IPSAS-based information usage for GFS?
 - Improving communication of financial information?
- IPSASB's role in adoption and implementation?
- How do these demands fit with available resources?
- Develop consultation document during 2017
- Public consultation H1 2018 – Finalise H2 2018.
