

STRATEGY AND WORK PROGRAM

IPSASB Meeting – September 2024
Agustina Llambi, Senior Manager

Brussels, Belgium

Project Timeline

PIC Advice on the IPSASB's 2024-2028 Strategy and Work Program

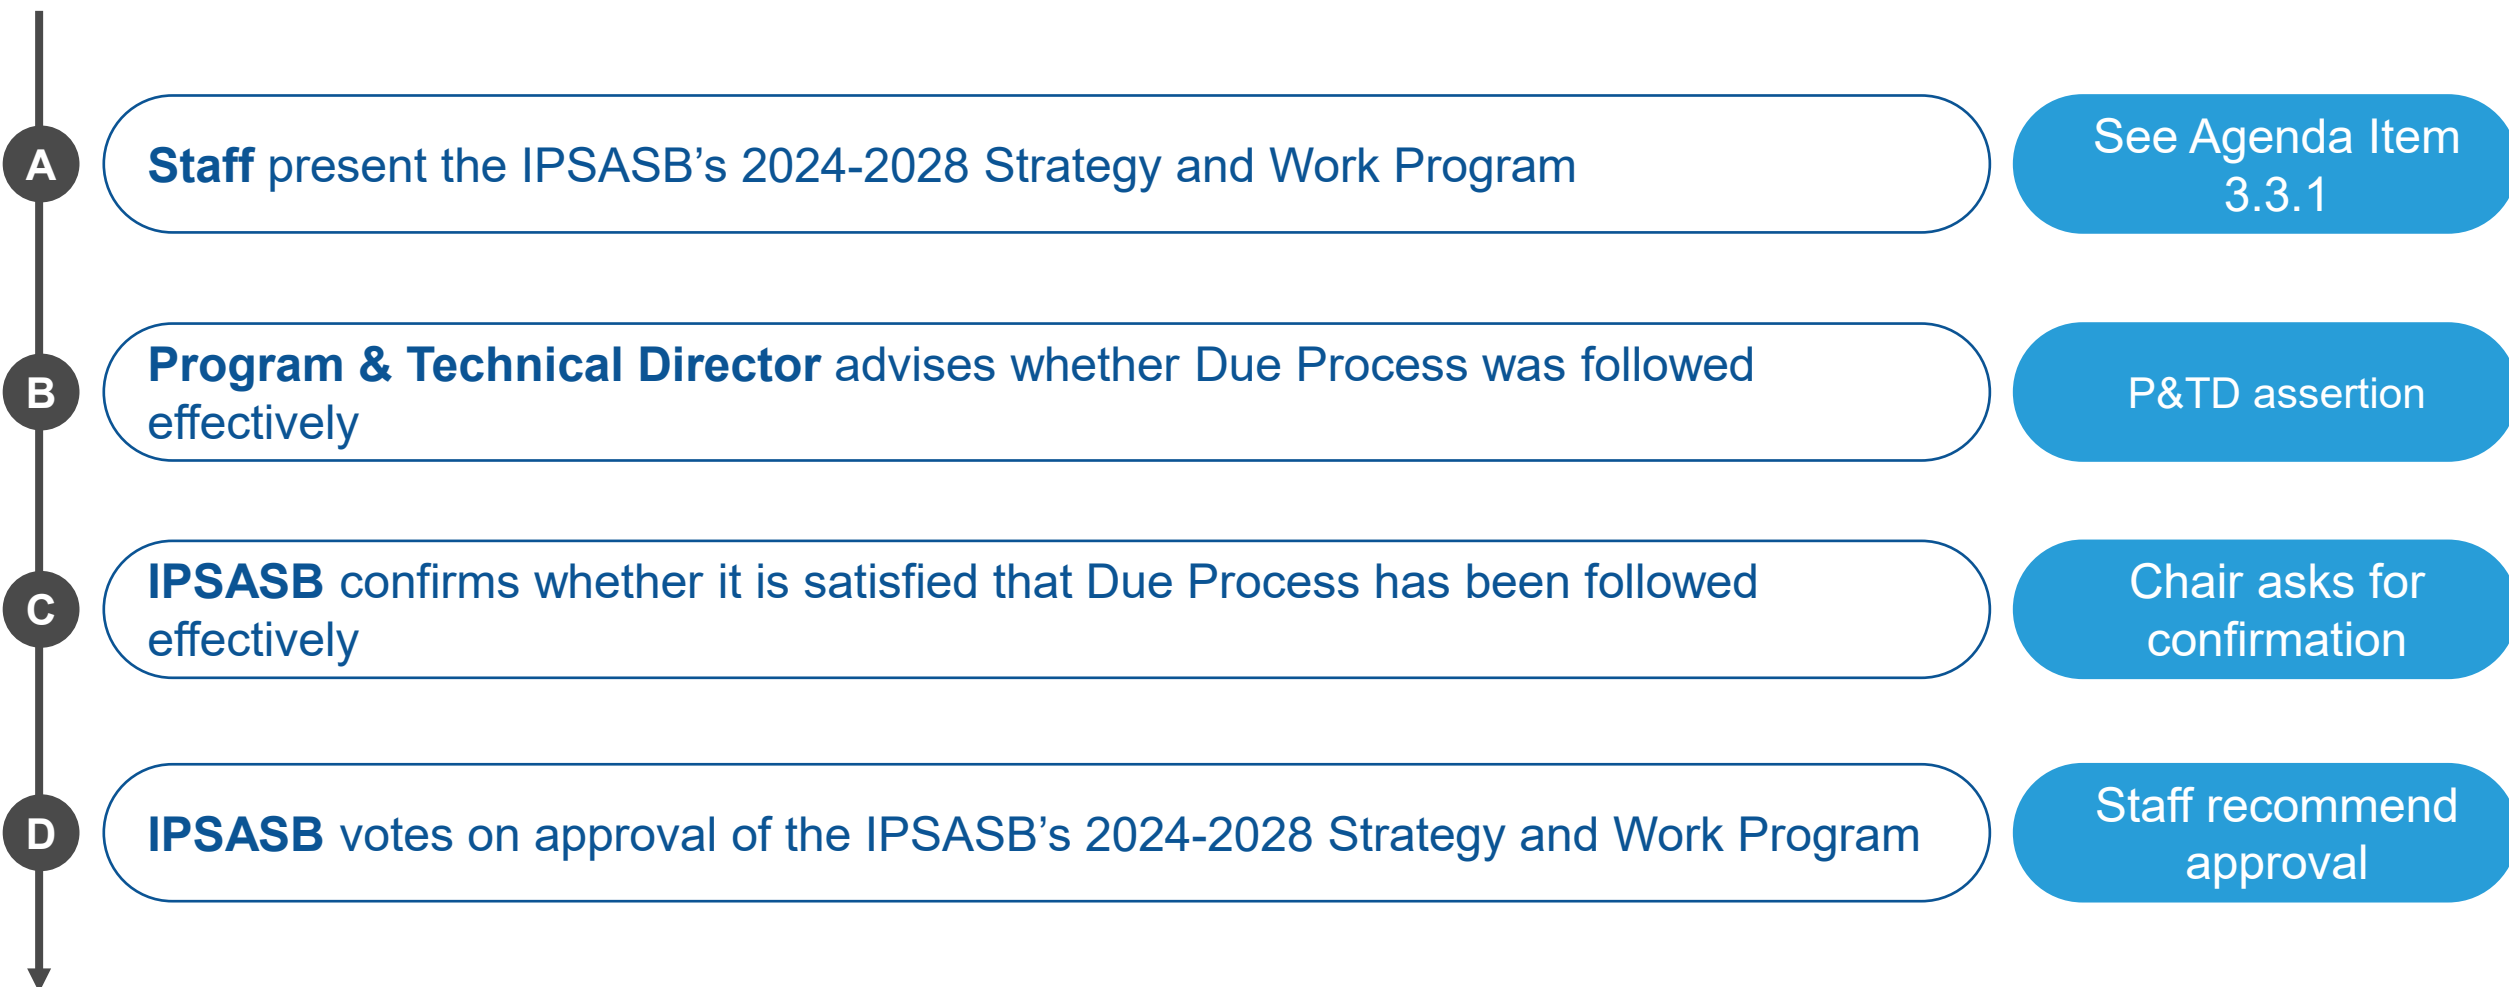

PIC comments on the Strategy and Work Program

Actions by the IPSASB:

- Effective and efficient management of IPSASB's limited resources continues to be paramount, such as:
 - Allocation of resources to establish the application panel and post-implementation review
 - Sourcing of additional resources to develop additional international public sector sustainability reporting standards.
 - Part-way consultation on future financial and sustainability reporting major projects.
- Partner with IFAC to create implementation resources
- The focus to maintenance of IPSAS looks to address the different capacities of stakeholders at various levels of accrual adoption and application of PFM.
- Influence supranational and regional organizations on the importance of accrual IPSAS and the upcoming international public sector sustainability reporting standards.

Approval of The IPSASB’s 2024-2028 Strategy and Work Program

IPSASB Due Process

The IPSASB's 2024-2028 Strategy and Work Program Feedback Statement

Analysis

- **Purpose of issuing a Feedback Statement.** To communicate the IPSASB's decisions based on the feedback received.
- **Content.**
 - **Background.** A summary of the feedback sought by the IPSASB and the purpose of releasing a Feedback Statement;
 - **Consultation Process** followed by the IPSASB;
 - **The IPSASB's responses to feedback received;** and
 - **Additional resources** (links to agenda items, IPSASB meeting minutes, responses received by the IPSASB and IPSASB live meeting)
- **Hierarchy.** It is a staff document summarizing the IPSASB's decisions on feedback received, as such the content are not the views or opinions of the IPSASB.

Recommendation

- No decision is required
